

# Fluid Loss Control Agent and Dispersant

## AUS-THIN

### Description

AUS-THIN thinner and filtrate controller is a lignosulfonate powder; black in colour; nonhygroscopic, cold water soluble, free flowing powder.

### Application

AUS-THIN is a highly efficient thinner of fresh water muds. It also provides effective control of filtration from fresh water muds, even in the presence of water soluble contaminants. AUSTHIN is compatible with other thinners and filtration control agents.

### Advantages

- Economical - Low concentrations required.
- Versatile - Can be used with most mud products.
- Effective – Reduces the gels and viscosity of many types of mud.

### Usage

Add 3 kgs – 10/kgs/m<sup>3</sup>.

### Packaging

AUS-THIN is packaged in 25 kg sacks.

### Head Office
